

# SANDVIK

## Steel

*We make Quality happen...*

## WIRE BASKET SPOOLS & GENERATION 7 MIG WIRE

*Welding and Environmentally Friendly...*

### FEATURES OF SANDVIK WIRE BASKET SPOOLS INCLUDE:

- Discard with steel scrap for recycling
- Non-conductive powder coated spools
- Fits all standard MIG spool systems
- Available on 33# spools in .030, .035, and .045 diameters (.063 on plastic spools)
- Spooled with Sandvik G7 MIG wire
  - Smoothest and most consistent finish in the industry
  - Cleanest finish = less residue = extended tip and liner life = reduced costs
- Manufactured by Sandvik Steel in the USA under ISO 9002 Quality System to maintain high quality standards
